To continue our efforts to minimize conventional energy use and contribute in saving our planet by reducing carbon foot prints by using Non-conventional & most efficient in Building's Engineering services.

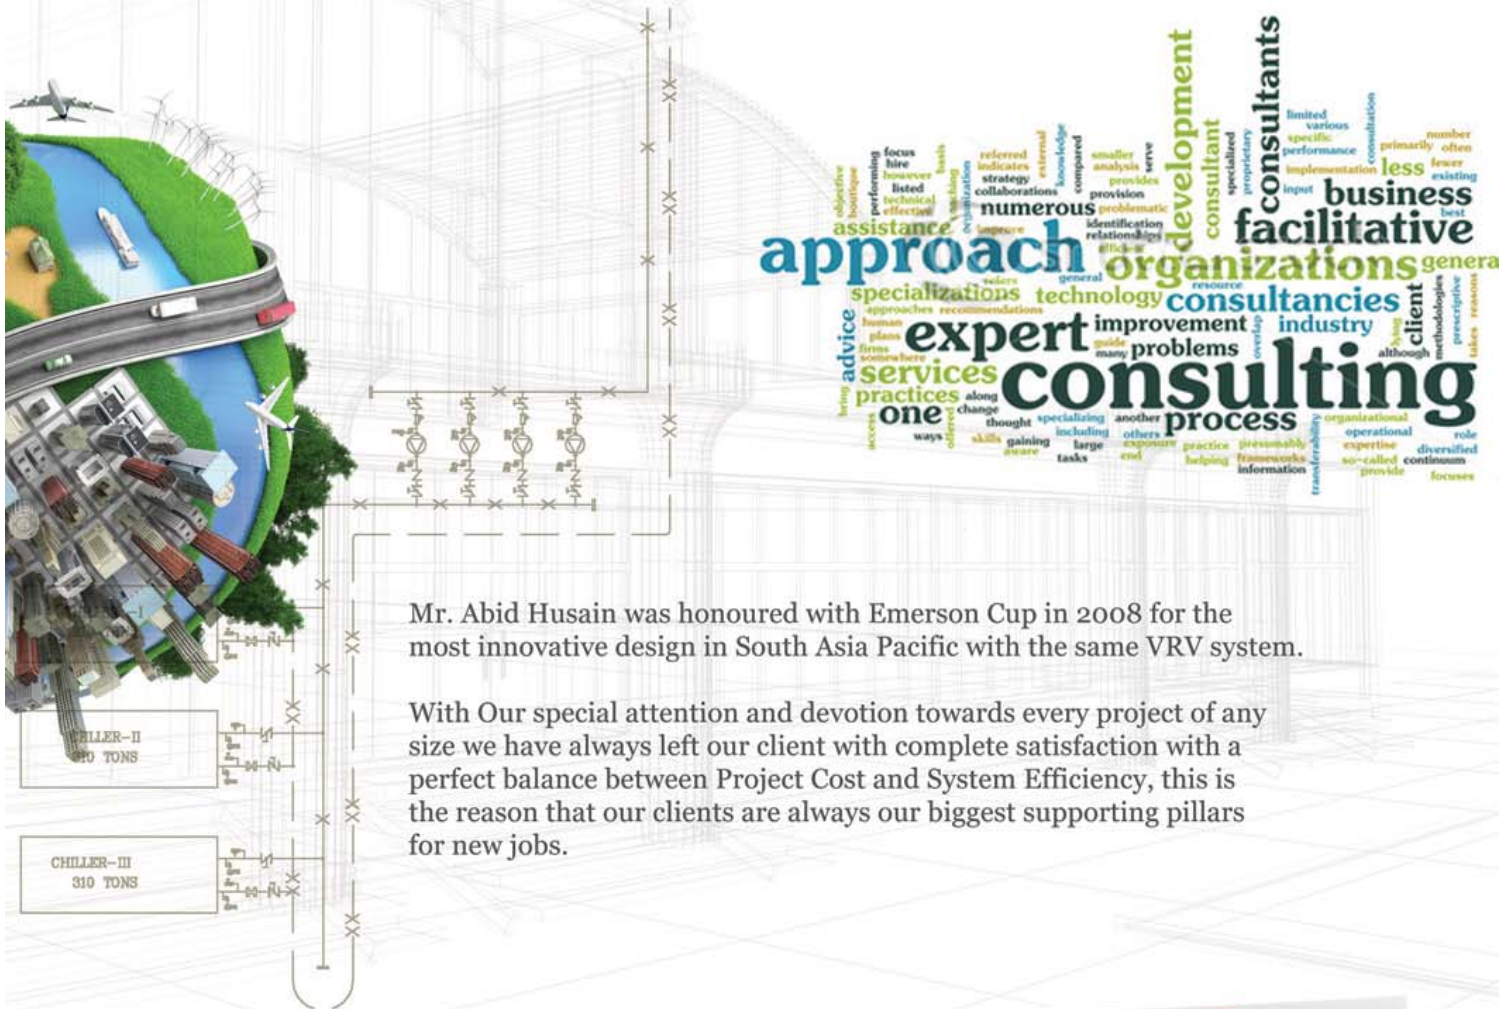

## About Us

ABID HUSAIN CONSULTANTS was established in 1995 by Mr. Abid Husain a B.Sc., B.E (Mechanical, Aligarh Muslim University) after having 15 years experience of HVAC Designing as a Senior Design Engineer in M/S Gupta Consultants.

From 1995 till 2010 the designs of ABID HUSAIN CONSULTANTS have been successfully implemented in more than 1500 projects of all sizes & types in and around the country with all types of HVAC systems.

Mr. Abid Husain with his huge courage & confidence has always been the first to adopt the latest & environmental friendly technologies of HVAC and has pioneered the most popular Variable Refrigerant Volume (VRV) system of Air-Conditioning in the country in 1998.

Mr. Abid Husain was honoured with Emerson Cup in 2008 for the most innovative design in South Asia Pacific with the same VRV system.

With Our special attention and devotion towards every project of any size we have always left our client with complete satisfaction with a perfect balance between Project Cost and System Efficiency, this is the reason that our clients are always our biggest supporting pillars for new jobs.

The only MEP Consultancy firm whose **Primary Objective** is to Design the **Most Economical, Reliable & Most Energy Efficient Engineering Services** for all types of Buildings.

AHC provides complete Design & Construction supervision consultancy for MEP services.
