

ABID HUSAIN CONSULTANTS

ABOUT US

ABID HUSAIN CONSULTANTS was established 1n 1995 by Mr. Abid Husain a B.Sc. Engineer (Mechanical) from Aligarh Muslim University (AMU).

From 1995 the designs of ABID HUSAIN CONSULTANTS have been successfully implemented in more than 2500 projects of all sizes and types in and around the country with all types of systems.

Mr. Abid Husain with his huge courage and confidence has been the first always to adopt the latest and environmentally friendly technologies and has pioneered the most popular Variable Refrigerant Volume (VRV) System of Air, Conditioning in the country in 1998. Nowadays the same system is available in 12 different brands and has more than 30% share in our country's Air-Conditioners Market Mr. Abid Husain was also honored with Emerson Cup in 2008 for the most innovative design in South Asia Pacific with the same VRV system.

Mr. Abid Husain have always been very innovative and worked for less costly and less energy consumed solutions. He is the one who first developed low humidity dehumidifier with refrigeration cycle, he is the first to design, install and get commissioned India's first solar energy operated chilled water plant, he is the first who developed 3 stage hybrid cooling system for comfort cooling.

With our special attention and devotion towards every project of any size we have always left our client with complete satisfaction with a perfect balance between Project Cost and System Efficiency, this is the reason that our clients are our biggest supporting pillars always for new jobs.

In 2005 ABID HUSAIN CONSULTANTS joined hands with the same caliber colleagues to offer complete MEP Services for all kinds of projects. Since than company as completed successfully and satisfactorily all kind of projects with MEP Services.

Our every project starts with the concept of energy efficiency in operation without any extra burden of initial cost on client. We take each and every project very seriously, whether big or small we try our best to put our experience for the best end results.

SERVICES WE OFFER

MEP DESIGN

Providing Complete MEP Design solutions like HVAC, Electrical, PHE, Fire Fighting etc. We have provided our design in more than 2200 projects across various applications.

SIMULATION

We provide all types of simulations like Energy Simulations, CFD Analysis, Air Quality Simulations, Agent Based Evacuation Simulations etc. This helps in solving complex engineering Problems.

ENGINEERING AUDIT

Carrying out different Engineering Audits like complete building energy audit Plant energy audit, Electrical safety audit etc. The audits done by us comply to international standards.

PASSIVE DESIGN

Using Passive Design Methods for providing different services like Devats, displacement ventilation etc.

AQI CONTROL

With rising air pollution problem, we provide comprehensive solutions to remove harmful contaminants in air & provide safe habitable indoor conditions.

BUILDING AUTOMATION

We provide design solution for complete building automation control like BMS, SCADA, Smart Home, Lighting Control etc.

OUR CLIENTS

MEET OUR TEAM

Abid Husain - Founder

Abid Husain, a B.Sc. Engineering (Mechanical) is the proprietor specializing in HVAC, electrical systems, plumbing, fire-fighting services, and BMS. With over 40 years of experience, he has worked with leading firms like ENCON Services and Gupta Consultants before establishing his independent practice in 1995. A life member of ISHRAE and CEAI, as well as a member of ASHRAE, he brings extensive expertise in system design and project planning across various engineering domains.

Mohammed Ruman Abid- Associate Director MEP

Seasoned HVAC design professional with over 17 years of experience in delivering comprehensive services for commercial, residential, hospitality, healthcare, and industrial sectors. Expert in overseeing the entire project lifecycle from design to execution, ensuring systems are optimized for efficiency and meet client specifications. Proficient in fostering client relationships and leading teams to achieve project goals within budget and time constraints.

Mohammed Adnan- Associate Director HVAC

Mohammed Adnan, a B.Tech graduate in Mechanical Engineering with 12 years of experience has successfully managed over 500 projects, including embassies, airports, hospitals, hotels, Warehouses and commercial buildings, specializing in HVAC systems. Renowned for his technical expertise and project management skills, he ensures efficient design, coordination, and execution of engineering solutions.

SS Bhatia- Senior Associate PHE & Fire Fighting

Mr. Bhatia brings 45 years of expertise in designing and planning water supply, sewerage, drainage, treatment systems, and fire-fighting solutions. With a B.Sc. in Mechanical Engineering, they have led projects for hospitals, hotels, offices, housing, townships, and industrial buildings, delivering innovative and efficient results.

Akhtar Parvez Ansari – Senior Associate Elec & ELV

Akhtar Parvez Ansari, a B.Sc. Engineering (Electrical Hons.) is an accomplished electrical designer with over 29 years of experience. Having worked across India and Nepal, he specializes in electrical and LV systems, high-voltage distribution, UPS systems, communication systems, security, access control, and fire detection systems. He has showcased expertise in designing and managing complex electrical projects.

TEAM STRENGTH

22

Engineers

Our team of engineers forms the backbone of our firm, bringing together a wealth of expertise and experience across diverse engineering disciplines. Comprising over 20 highly skilled professionals, including specialists in HVAC, electrical, plumbing, fire-fighting, and ELV systems, our engineers are dedicated to delivering innovative and efficient solutions. With qualifications from leading institutions and decades of collective experience, our team has successfully handled complex projects in sectors such as healthcare, hospitality, commercial, residential, and industrial developments. Their ability to integrate advanced technologies and comply with international standards ensures the highest level of service and client satisfaction.

15

Design Developers

Our team of design developers specializes in creating precise and detailed CAD drawings that form the foundation of our engineering projects. With a group of over 15 skilled CAD professionals, our team ensures the seamless translation of concepts into accurate technical drawings and 3D models. Proficient in the latest design software and tools, they work closely with engineers to develop layouts for HVAC, electrical, plumbing, fire-fighting, and BMS systems. Their commitment to precision, efficiency, and adherence to project timelines ensures that our designs meet the highest industry standards and client expectations.

8

Support Staff

Our support staff plays a vital role in ensuring the smooth operation of our firm, comprising a dedicated team specializing in documentation, accounts, HR, and administrative services. The documentation team ensures accurate record-keeping and efficient management of project files, reports, and technical submissions. Our accounts team handles financial operations with precision, maintaining budgets, invoices, and compliance with statutory requirements. The HR team fosters a positive work environment by managing recruitment, employee engagement, and organizational development. Together, this cohesive group supports the core engineering and design teams, enabling seamless project execution and overall organizational efficiency.
